

Dear HCSRN Submitter,

We understand that our inconsistency around the word count limitation within the HCSRN abstract submission site resulted in some confusion. Please accept our apologies and, as a result, we allowing those with abstract submissions that need up to 350 words to submit their "Background", "Methods", "Results" and "Conclusion" fields text in an alternate manner.

The HCSRN abstract submission site allows a cumulative word count of 300; however, **if you need up to 350 words for the specific fields noted below**, follow these instructions:

1. Complete and submit your abstract submission at <https://hcsrn.secure-platform.com/a/solicitations/2/home> before the November 24 deadline. You will submit all other details of your submission within the standard submission. However, in the following fields, please type in "TEXT BEING EMAILED"; do not include partial text:
  1. Background
  2. Methods
  3. Results
  4. Conclusion
2. Email your ""Background", "Methods", "Results" and "Conclusion" fields text to [hcsrn@conferencesolutionsinc.com](mailto:hcsrn@conferencesolutionsinc.com) no later than the November 24 submission deadline.

IMPORTANT: There is still a cumulative word count for these four (4) abstract submission fields of 350 words. Do not exceed the cumulative word count or your submission will be returned to you to edit.

Once we have received this email, we will send you a confirmation. If you do not receive a confirmation, please contact us immediately.

As a reminder, all submission details must be submitted by the November 24 deadline. If you have any questions, please email me at [kelsi@conferencesolutionsinc.com](mailto:kelsi@conferencesolutionsinc.com).

Sincerely,

Kelsi Pierce
